HEALTHCARE

## Companion Range

Companion Range

## Companion Range

The Liberty HealthCare COMPANION range is designed with users and their partners in mind. COMPANION beds are built of the same market-leading steel frame as our adjustable range and feature lockable castors to ensure minimal gapping between beds. The COMPANION range creates flexibility and comfort for users wishing to sleep next to their partner while enjoying the benefits of an adjustable bed.

In addition to the standard companion setting, any two adjustable beds can be fitted side by side to create the ultimate partner sleep set.

### Please Note:

Companion beds do not have adjustable features or moving parts.
